- Surfers Pick

Property Description

This beautiful 2,754m² property, conveniently located just minutes from the Montezuma town center, is a piece of property you do not want to miss out on! The peaceful landscape offers seclusion from the main road while still being close enough to enjoy all the perks of the artesanal, bohemian town close by. Its location also makes it a central place to reach all towns located in the southern tip of the Nicoya Peninsula. Grocery stores, public transportation, and white-sand beaches are all within short distances to this location. This property includes 3 commercial bungalows recently built in 2015. These cabins were built with quality Pine wood that was treated under pressure with an ecological certified product which keeps the wood safe from the termites, insects, and other natural pests such as fungi and mold. These houses do not need to have preventive maintenance done to the wood. Each cabin includes 2 bedrooms, one bathroom, air conditioning, a complete kitchen with dining room and a spacious outdoor roofed deck.
