Property Description

This well-known Eco-lodge is situated at the end of a valley and surrounded on three sides by the pristine jungle of Piedras Blancas National Park. It is the only hotel in this remote national park that is accessible by car all year round. It was listed as one of Costa Rica's five top eco-lodges by Lonely Planet and has earned a Level 3 Certificate of Sustainable from the Costa Rican Tourism Board by protecting the environment, reforesting thousands of rainforest trees, and financing community projects. It is well established through its website and online reservation system, as well as through hotel search engines. The large property, consisting of a beautiful tropical garden, a fruit and vegetable garden, and 25 acres of rainforest, is being inscribed as a private nature reserve and attracts more than 200 species of birds as well as monkeys, wildcats, anteaters, and many other mammals.
