Property Description

Senderos Homesite 26E2 features jaw dropping views to the West and Southwest overlooking Tamarindo Bay and coastal points south. These rare views are the raw ingredients that will enhance both the embedded value and, most importantly, the experience of the home. Located at the end of what will be a private access road with only 4 other homes to be built, this homesite takes the front row with nothing between it and the horizon. Indoor/outdoor living is a central theme, with seamless transitions between great room and terraces, with infinity pool and a hot tub jetted spa as well as extensive outdoor living spaces for both large and intimate gatherings. With gourmet kitchen and luxurious social spaces, these areas will be the heartbeat of the home. Super luxe Master Suite will keep the owners content and private. Convenient ingress/egress with after-beach rinse down area and many more functional features! The home will have the perfect layout and design for both owner enjoyment as well as for rental purposes.
